

****FOR IMMEDIATE RELEASE****

ROBINSON HELICOPTER COMPANY SOARS INTO SUN 'N FUN 2024 **WITH COMMITMENT TO SAFETY AND FUN**

Lakeland, FL (April 2, 2024) – Robinson Helicopter Company (RHC) is geared up to take flight at the SUN 'n FUN Aerospace Expo, happening April 9-14, 2024, at Lakeland Linder International Airport in Lakeland, FL.

RHC will put its dedication to safety and mission-ready helicopter operations on display. Attendees can explore a Robinson R44 courtesy of Florida Suncoast Helicopters and get a firsthand look at an R66 Law Enforcement helicopter from the Polk County Sheriff's Department.

Unveiling the Latest Safety Advancements

The Robinson team will be available to discuss the company's latest safety features, including impact-resistant windshields that offer superior protection in case of a bird or object strike. Learn more about 4k cockpit camera systems enhancing situational awareness, crash-resistant fuel tanks built to withstand impact, and pop-out floats providing an extra layer of security for water landings. RHC representatives will also be on hand to answer questions about the company's comprehensive training courses designed to increase safer flying among pilots of all experience levels.

Engaging Family Activities at the RHC Booth

RHC is bringing fun for the whole family with a focus on flight safety through a variety of interactive activities:

- **Robinson Swag Basket Raffle:** Try your luck to win a basket overflowing with Robinson apparel and branded swag.
- **Free Giveaways:** Take home a collector's item Robinson lapel pin, an R66 Law Enforcement sticker to showcase your support, or an RHC koozie to keep your drinks refreshingly cool.
- **Interactive Safety Challenge: Put Robinson's Windshield to the Test!** This is a unique opportunity to experience the incredible strength and flexibility of Robinson's polycarbonate windshields firsthand. Using specially provided rubber chickens (don't worry, it's perfectly safe!), participants can fling away and see how these windshields are built to handle even the toughest conditions. Those with a winning throw will walk away with a giant plush bird for themselves.

Elevate Your Skills with a Robinson Safety Course

Sign up to learn more about Robinson Helicopter's four-day Robinson Safety Course, held at the company's Headquarters in Torrance, CA. This intensive program combines classroom instruction with practical flight training, equipping pilots with the knowledge and experience to handle unexpected situations confidently.

Course Details and Requirements:

- The Robinson Safety Course covers Robinson helicopter safety procedures and techniques for managing in-flight emergencies.
- Applicants must have a minimum of 3 hours logged in the specific Robinson helicopter type selected for the course.
- The course includes a minimum of one hour of flight training.
